EDUCATION

Govt Higher Secondary School Mian Khan (O-LEVEL)	(2017-2019), Pakistan
Govt Post Graduate College Mardan (FSc)	(2019-2021) , Pakistan
University Of Engineering And Technology Mardan (BSc)	(2021-2025), Pakistan

SKILL SUMMARY

- **Language:** Python, SQL, JavaScript
- **Frameworks:** Django, Flask, Pandas, Numpy, Matplotib
- **Platforms:** PyCharm, Visual Stdio, PostgreSQL, MySQL SQLite
- **Tools:** SQLite, MySQL, Excel, Power Point ,
- **Soft Skill:** Problem-solving, Project management, Teamwork
- **Additional Technical Skills:** RESTful APIs, User Authentication, Database Management

Responsive Design, Bootstrap, Sass

WORK EXPERIENCE

With 2-3 years of experience in Python programming, RESTful APIs, User Authentication, Database Management, and web development, I have honed my skills in creating professional and responsive web applications. My expertise extends across both backend and frontend technologies, and I have utilized frameworks such as Django and Flask extensively.

PROJECT

- **E-Commerce Website Development** [LINK](#)

Designed and developed a dynamic e-commerce platform using Django, featuring product browsing, cart management, secure checkout, and order tracking.

- **Online Learning Community Platform** [LINK](#)

StudyHub is a dynamic Django-based web application that facilitates online learning communities. It allows users to create, join, and participate in topic-based discussion rooms, fostering collaborative learning and knowledge sharing.

- **Modern Blog Website** [LINK](#)

A dynamic, full-stack blog website built with Node.js, Express, and MongoDB

- **Task Management Application** [LINK](#)

Created a task management tool with Flask, incorporating task creation, assignment, and status tracking functionalities.

- **Portfolio Website** [LINK](#)

Developed a personal portfolio website showcasing my skills and projects, leveraging modern frontend technologies and responsive design principles.

CERTIFICATE

- **Backend Development Internship (DEN)** [CERTIFICATE](#)

Awarded for exceptional performance in a 12-week virtual internship. Demonstrated strong skills in backend development, including database management, API integration, and server-side logic. Recognized for high-quality contributions to team projects.

- **Python Web Dev Pro: Flask, Django, HTML, CSS & Bootstrap** [CERTIFICATE](#)

Completed a comprehensive 13-hour course focusing on Python web development using Flask and Django frameworks. Gained hands-on experience with front-end technologies such as HTML, CSS, and Bootstrap, and developed the ability to create fully functional and responsive web applications.
